INDEPENDENT AUDITOR’S REPORT

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
of Texarkana College and the
Texarkana College Foundation, Inc.

Opinions

We have audited the accompanying financial statements of the business-type activities, the aggregate discretely presented component unit (the Texarkana College Foundation, Inc., hereinafter referred to as the Foundation), and the aggregate remaining fund information of the Texarkana College (the College), as of and for the years ended August 31, 2024 and 2023, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, the aggregate discretely presented component unit, and the aggregate remaining fund information of the Texarkana College as of August 31, 2024 and 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the College, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 9, the schedule of the College's proportionate share of net pension liability on page 56, the schedule of the College's contributions for pensions on page 57, the schedule of the College's proportionate share of the net OPEB liability on page 58, the schedule of the College's contributions for OPEB on page 59, and the notes to the required supplemental information on page 60 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements. The Schedule of Operating Revenues, Schedule of Operating Expenses by Object, Schedule of Non-operating Revenues and Expenses, Schedule of Net Position by Source and Availability, Schedule of Expenditures of Federal Awards as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, Schedule of Expenditures of State Awards, and Statement of Income and Expenditures – Auxiliary Enterprises are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Operating Revenues, Schedule of Operating Expenses by Object, Schedule of Non-operating Revenues and Expenses, Schedule of Net Position by Source and Availability, Schedule of Expenditures of Federal Awards as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, Schedule of Expenditures of State Awards, and Statement of Income and Expenditures – Auxiliary Enterprises are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory organizational data and the insurance in force but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 16, 2024, on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

MANAGEMENT’S DISCUSSION AND ANALYSIS

This section of Texarkana College's annual financial report presents management's discussion and analysis of the financial performance of the College during the fiscal years ending 2024, 2023, and 2022. This discussion should be read in conjunction with the accompanying financial statements, notes to the financial statements, and supplemental information. This discussion focuses on currently known facts, decisions, and conditions that have an impact on the financial activities for the College, and is intended to assist the reader in the interpretation of the financial statements. The financial statements, notes to the financial statements, supplemental information, and this discussion are the responsibility of Texarkana College's management.

A Brief Discussion of the Basic Financial Statements

This annual report contains financial statements prepared in accordance with Governmental Accounting Standards Board ("GASB") Statement No. 35, *Basic Financial Statements and Management Discussion and Analysis for Public Colleges and Universities* and as amended by GASB No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. These financial statements differ significantly, in both the form and the accounting principles utilized, from financial statements issued prior to 2002. The financial statements presented in years prior to 2002 focused on the accountability of fund groups, while these statements focus on the financial condition, the results of operations, and cash flows of the College as a whole.

The financial statements prescribed by GASB No. 35, 63, and 65 (the Statement of Net Position, Statement of Revenues, Expenses, and Changes in Net Position, and the Statement of Cash Flows) present financial information similar to that used by commercial enterprises. The statements are prepared under the accrual basis of accounting, whereby revenues and assets are recognized when the service is provided and expenses and liabilities are recognized when others provide the service, regardless of when cash is exchanged. In addition, the statements recognize liabilities, deferred inflows, and deferred outflows related to pensions and other post-employment benefits as prescribed by GASB No. 68 and 75.

The Statement of Net Position includes all assets, deferred outflows of resources, liabilities, and deferred inflows of resources, when applicable. Decreases over time in the net position (the difference between assets, deferred outflows of resources, liabilities, and deferred inflows or resources) would be one indicator of the deterioration of the College's financial health when considered with non-financial facts such as enrollment levels and the condition of facilities.

The Statement of Revenues, Expenses and Changes in Net Position presents the revenues earned and expenses incurred during the year. Activities are reported as either operating or non-operating. The utilization of capital assets is reflected in the financial statements as depreciation, which amortizes the cost of an asset over its expected useful life.

The Statement of Cash Flows presents information related to cash inflows and outflows summarized by operating, non-capital financing, capital financing and related financing, and investing activities. The statement helps measure the ability to pay operating expenses with operating revenues and the extent that capital assets are financed.

The financial statements for the College's discrete component unit, Texarkana College Foundation, Inc., are issued independent of the College. The Foundation's financial information is shown on separate pages behind the College's basic financial statements. Refer to Note 20 in the Notes to the Basic Financial Statements for more detail on the Foundation.

In addition, the fiduciary activity of the College is presented separately in Exhibits 4 and 5.

The College's capital assets, net of accumulated depreciation, represent 44% and 47% of the total assets at August 31, 2024 and 2023, respectively. The largest component of capital assets is the College's investment in buildings. The buildings represent 71% of net capital assets at the end of the 2024 and 2023 fiscal years, respectively. Adequate facilities are an important factor in the ability of the College to meet the educational needs of current and future students.

Summary of Changes in Net Position (continued)

The College's net position increased $2,961,252 for the year ended August 31, 2024, compared to an increase of $6,568,686 for the year ended August 31, 2023. During the August 31, 2024, fiscal year, the College received approximately $2.5 million in additional state appropriations as part of House Bill 8 in June 2023.

The College's net position increased $6,568,686 and $5,256,680 for the years ended August 31, 2023 and 2022, respectively. The 2023 and 2022 increase was from the continued focused objective of conservative budgeting and sound financial planning, as well as HEERF funds to cover lost revenues.

The College's net position at August 31, 2024, reflected an excess of $25,336,434 as compared to an excess of $22,375,182 at August 31, 2023. This increase of $3 million is primarily attributable to additional state appropriations from House Bill 8 and GASB adjustments.

The College's cash and cash equivalents increased $2,947,080 and $7,552,536 during the years ended August 31, 2024 and 2023, respectively.

Analysis of College's Overall Financial Position and Results of Operation

Current and other assets, as of August 31, 2024, totaled $35,997,846 which is 51% of the total assets. Approximately 87% of the current assets are in cash and cash equivalents at August 31, 2024.

Current and other assets, as of August 31, 2023, totaled $33,371,389 which is 48% of the total assets. Approximately 84% of the current assets are in cash and cash equivalents at August 31, 2023.

Current and other assets, as of August 31, 2022, totaled $29,605,519 which is 46% of the total assets. Approximately 84% of the current assets are in cash and cash equivalents at August 31, 2022.

Current liabilities total $7,183,440 for 2024 and $6,941,435 for 2023. Unearned revenue represents 57% of total current liabilities for 2024 and 2023, respectively. Unearned revenue is the tuition and fees collected/recorded prior to year-end for the Fall classes. These are unearned because the revenue has not been earned as of the end of the year. These monies are for classes that will be primarily conducted in the next fiscal year.

The college incurred a net operating loss for the year ended August 31, 2024, 2023, and 2022, because state appropriations, Title IV funds, property tax collections, and investment income are classified as non-operating revenues.

Net operating loss is an excess of the cost to provide educational instruction to our students over income from grants and funds charged to students.

Analysis of College's Overall Financial Position and Results of Operation (continued)

State and Federal funds amounted to 53% and charges to students amounted to 12% for the year ended August 31, 2024. State and federal funds amounted to 55% and charges to students amounted to 14% of total revenues for the year ended August 31, 2023.

Salaries and benefits are approximately 54% and 56% of total operating expenses for the years ended August 31, 2024 and 2023, respectively.

Non-operating revenues primarily consist of state appropriations, property tax, federal grants and contracts, gifts, and investment income.

The College had negative cash flows from operating activities for the years ended August 31, 2024, 2023 and 2022 because a significant portion of the revenue, state appropriations, Title IV funds, and taxes, are considered non-operating revenue.

The College purchased capital assets during the years ended August 31, 2024 and 2023, totaling $1,206,747 and $3,827,457, respectively.

Changes in credit ratings

There has not been a change in the credit rating of Texarkana College.

Debt limitations that may affect the financing of planned facilities or services

In February of 2019, the College Board of Trustees authorized a maintenance tax note in the amount of $10,000,000 to provide funds for the implementation of the board approved capital projects fund. A combination of unencumbered general fund reserves and tax revenue will be utilized during the twenty-year repayment period to make the note payments.

In March of 2013, the College Board of Trustees authorized a maintenance note in the amount of $3,500,000 to provide funds for an energy management and roofing project. A portion of the note is anticipated to be repaid by energy savings generated by the HVAC project.

In January 2021, the College issued *Maintenance Tax & Refunding Notes, Series 2021* to pay the remaining balance on the $10,000,000 indebtedness and to fund additional construction projects. The total issue was $13,070,000 with an additional $1,787,065 in bond reoffering premiums. The funds were utilized to pay principal and interest on the $10,000,000 note. The remainder was utilized for future construction projects, bond issuance costs, and an interest and sinking fund. Coupon rates on the notes range from 3% to 4%.

Discussion of currently known facts, decisions, or conditions

Texarkana College has continued the focused objective of returning to the historically sound financial principles and stability for which the institution was known. Based on the actions taken by the board, administration, and the continued evaluations of performance measures, Texarkana College was able, once again, to add to the total net position during this past fiscal year.

Discussion of currently known facts, decisions, or conditions (continued)

The College relies upon three primary revenue sources: local taxes, tuition and fees, and state appropriations. Over the past several years, the College has been forced to respond to declining state funds by reducing costs and increasing revenue from tuition and fees and local taxes. In November 2012, the College was successfully able to expand the taxing district through annexation of territory that lies within the state designated service area. The voters of Bowie County approved the annexation, which increased the college's appraised values. This increase in tax revenue brought the college a much-needed perpetual revenue source. The College will continue to make focused, data driven decisions to ensure sound financial results. The College's 2024 budget is balanced and structurally sound; however, the College will continue to face challenges in the future to fund anticipated increases in demands for community college services.

The College has many aging facilities. Over the past ten years, the College has performed major renovations and repairs, roof replacements, and furnishing upgrades. While these renovations and repairs have made much needed improvements to the campus, additional improvements are still necessary. The College has recently completed a master facilities plan, and in 2019 placed the plan into action.

In December 2019, the board approved a resolution to initiate proceedings relating to the issuance of $15 million in maintenance tax notes, $10 million was issued in 2019 and $5 million was issued in 2021, to address the board's strategic goal to enhance, upgrade and renovate facilities to meet state and federal ADA compliance standards and modernize instructional space. After a thorough review by architects and engineers in the fall, a plan was developed to renovate the former Health Sciences Facility, current Chemistry, and current Biology buildings into a newly renovated STEM center. Parking lot repairs, replacements, and improvements, HVAC work and campus wide Americans with Disabilities compliance are also a part of the capital projects plan. Work began on these projects during 2019 and is scheduled for completion during 2025.

While it is not possible to predict the effects of future economic conditions, management believes the College has a solid and stable financial position and is well equipped to handle the increasing demands to provide our community with a better educated workforce. The college is not aware of any additional facts, decisions, or conditions that are expected to have a significant effect on the financial position or results of operations during the subsequent fiscal year.

Based on the continued evaluations, data-driven decisions, and future plans, Texarkana College is prepared to sustain its strong financial position and will continue to serve the constituents of this region with affordable, accessible, and high-quality educational opportunities for many future generations.

Texarkana College affirms its mission to provide, within the resources available, quality educational programs and services that meet individual and community needs.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - REPORTING ENTITY

Texarkana College (the College) was established in 1927 in accordance with the laws of the State of Texas to serve the educational needs of Texarkana and the surrounding communities. The College is considered to be a special purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement 14. While the College receives funding from local, state, and federal sources, and must comply with the spending, reporting, and recordkeeping requirements of these entities, it is not a component unit of any other governmental entity.

The College Board of Trustees (the Board), a seven-member group, has governance responsibilities over all activities related to the College. The Board receives funding from local, state, and federal government sources and must comply with the associated requirements of these funding source entities. However, the Board is not included in any other governmental "reporting entity" as defined in Section 2100, Codification of Governmental Accounting and Financial Reporting Standards, since Board members are elected by the public and have decision-making authority, the power to designate management, the responsibility to significantly influence operations, and primary accountability for fiscal matters.

These statements include, as a component unit, Texarkana College Foundation, Inc. (the Foundation), as discussed in Note 20. In addition, the statements separately disclose the fiduciary activity and net position of the College's custodial funds. These are funds held by the College for which the College does not have administrative involvement as defined by GASB Statement No. 84. The custodial funds are excluded from the statements of net position (Exhibit 1) and statements of revenues, expenses, and changes in net position (Exhibit 2).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Guidelines

The significant accounting policies followed by the College in preparing these financial statements are in accordance with the *Texas Higher Education Coordinating Board's Annual Financial Reporting Requirements for Texas Public Community Colleges*. The College applies all applicable GASB pronouncements and is reported as a special-purpose government engaged in business-type activities.

Basis of Accounting

The financial statements of the College have been prepared on the accrual basis, whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

Inventories

Inventories consist of bookstore merchandise as of August 31, 2024 and 2023. Inventories are valued at the lower of cost or net realizable value and are charged to expense as consumed.

Texarkana College – Net Position

When an expense is incurred for purposes for which both net position with and without restrictions is available, the College's policy is to first apply restricted resources. Management has determined that net position is properly recognized under this policy.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Texarkana College Foundation, Inc. – Net Position

Net position with donor restrictions is available for the purposes designated by the donor, primarily scholarships. This net position consists primarily of temporarily restricted contributions and investment earnings.

Net position with donor restrictions also includes permanent endowments. The investment income from these endowments is restricted to fund scholarship grants.

When an expense is incurred for purposes for which both net position with and without donor restrictions is available, the Foundation's policy is to first apply restricted resources. Management has determined that net position is properly recognized under this policy.

Tuition Discounting

Texas Public Education Grants - Certain tuition amounts must be set aside for use as scholarships by qualifying students. This set-aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set-aside amount (Texas Education Code §56.033). When the award is used by the student for tuition and fees, the College records the amount as a tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Title IV, Higher Education Act (HEA) Program Funds - Certain Title IV HEA Program funds are received by the College to pass through to the student. These funds initially are received by the College and recorded as revenue. When the award is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

The College also originates direct student loans under Title IV. These loans are not included as revenues in the accompanying financial statements. Student loans remitted to students are not recorded as revenues or expenses in the accompanying financial statements as they are not revenues of the College and instead are passed through from the Department of Education. The amounts passed through the College are included as a reconciling item in the notes to the supplemental Schedule E – Schedule of Expenditures of Federal Awards.

Other Tuition Discounts - The College awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the college records the amount as a tuition discount. If the amount is dispersed directly to the student, the College records the amount as a scholarship expense.

Budgetary Data

The College is required by Texas law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The College's Board of Trustees adopts the budget which is prepared on the accrual basis of accounting. A copy of the approved budget and subsequent amendments must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents

The College considers cash and cash equivalents as cash on-hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Cash equivalents held by the College as of August 31, 2024 and 2023, consisted of highly liquid public funds investment pools.

Investments

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*, the College reports investments at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at the time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase. The College did not hold any investments as of August 31, 2024 or 2023, respectively. The Foundation's investments consisted of money market funds, U.S. government agencies securities, corporate debt instruments, and exchange traded funds, which are recorded at fair value.

Deferred Inflows of Resources

In addition to liabilities, the Statement of Net Position includes a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and so is not recognized as an inflow of resources (revenue) until that time. Governments are permitted only to report deferred inflows in circumstances specifically authorized by the GASB. The College's deferred inflows of resources are related to pensions, other post-employment benefits, leases, and bond premiums.

Deferred Outflows of Resources

In addition to assets, the Statement of Net Position includes a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense) until then. Governments are permitted only to report deferred outflows in circumstances specifically authorized by the GASB. The College's deferred outflows of resources are related to pensions and other post-employment benefits.

Operating and Non-Operating Revenues and Expenses

The College distinguishes operating revenues and expenses from non-operating items. The College's activities are shown as a business-type activity and as a single, proprietary fund. Operating revenues and expenses generally result from providing services in connection with the College's principal ongoing operations. The principal operating revenues are tuition and related fees, federal grants, state grants and auxiliary enterprises. The major non-operating revenues are state appropriations, property taxes, Title IV funds, gifts, and investment income. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets

Capital assets are recorded at cost at the date of acquisition or fair value at the date of donation. For equipment, the College's capitalization policy requires capitalization of items with a unit cost of $5,000 or more and an estimated useful life greater than one year. Renovations of $100,000 or more to buildings, infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are charged to operating expense in the year in which the expense is incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Estimated useful lives for depreciable assets are as follows:

Building	50 years
Facilities and Other Improvements	20 years
Library Books	15 years
Furniture, Machinery, Vehicles and Other Equipment	10 years
Telecommunications and Peripheral Equipment	5 years
Right-to-Use Assets	5 years
Software Costs	3 years

Right-to-use subscription assets resulting from qualifying subscription-based information technology arrangements (SBITAs) are amortized over the subscription term.

Unearned Revenues

Tuition and fees of $3,369,840 and $3,135,627 and federal, state, and local grants of $743,534 and $819,834 have been reported as unearned revenues at August 31, 2024 and 2023, respectively.

Long-term Debt

Long-term debt and other long-term obligations are reported as liabilities in the statements of net position.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made to the 2023 financial statements to conform to the 2024 financial statement presentation. None of the reclassifications affect the previously reported change in net position.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Pensions

For the year ended August 31, 2015, the College implemented the provisions of GASB Statement 68, *Accounting and Financial Reporting for Pensions*, as amended by GASB Statement 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. The College participates in the Teacher Retirement System of Texas (TRS) pension plan, a multiple-employer cost sharing defined benefit pension plan with a special funding situation. The fiduciary net position of the Teacher Retirement System of Texas has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes, for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities, and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

Other Post-Employment Benefits (OPEB)

The fiduciary net position of the Employees Retirement System of Texas (ERS) State Retiree Health Plan (SRHP) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes, for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities and additions to/deductions from SRHP's fiduciary net position. Benefit payments are recognized when due and are payable in accordance with the benefit terms.

NOTE 3 - AUTHORIZED INVESTMENTS

The College is authorized to invest in obligations and instruments as defined in the Public Funds Investment Act (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than "A" by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute.

The Foundation is not subject to the Public Funds Investment Act for contributions received from outside sources. Authorized investments of the Foundation are governed by an investment policy approved by the Board of Directors.

Interest Rate Risk: In accordance with state law and the College policy, the College does not purchase any investments with maturities greater than 10 years.

Credit Risk: In accordance with state law and the College's investment policy, investments in mutual funds and investment pools must be rated at least AAA, commercial paper must be rated at least A-1 or P-1, and investments in obligations from other states, municipalities, counties, etc., must be rated at least A as well.

Concentration of Credit Risk: The College and the Foundation do not place a limit on the amount that may be invested in any one issuer.

More than 5% of the Foundation's investments are in Vanguard (53%), MSCI (10%), and DDM (6%).

NOTE 4 - DEPOSITS AND INVESTMENTS (CONTINUED)

Custodial Credit Risk: At August 31, 2024, the carrying amount of the College's bank deposits was $35,424,834 and total bank balances equaled $36,052,628. Bank balances totaling $250,000 at one financial institution were secured by the Federal Deposit Insurance Corporation (FDIC), $45,200,000 were secured by collateral pledged in the College's name, and approximately $914,000 were secured through Insured Cash Sweep (ICS) accounts. The collateral was held in the safekeeping departments of banks which act as agents for the College.

At August 31, 2023, the carrying amount of the College's bank deposits was $32,357,045 and total bank balances equaled $33,893,560. Bank balances totaling $250,000 at one financial institution were secured by the Federal Deposit Insurance Corporation (FDIC), $36,700,000 were secured by collateral pledged in the College's name, and approximately $987,000 were secured through Insured Cash Sweep (ICS) accounts. The collateral was held in the safekeeping departments of banks which act as agents for the College.

Fair Value Measurements: GASB Statement 72 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the framework are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the entity has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 - DEPOSITS AND INVESTMENTS (CONTINUED)

The following tables set forth, by level within the fair value hierarchy, the Foundation's investments at fair value as of August 31, 2024 and 2023:

	August 31, 2024				2023
	Level 1	Level 2	Level 3	Total	Total
U.S. Government Securities	$ 1,060,343	$ -	$ -	$ 1,060,343	$ 1,024,128
Corporate Bonds	-	3,072,731	-	3,072,731	2,848,888
Municipal Bonds	-	176,527	-	176,527	168,170
Mutual Funds	759,420	-	-	759,420	662,186
Equity Funds and ETFs	11,063,809	-	-	11,063,809	8,935,611
Total investments	$ 12,883,572	$ 3,249,258	$ -	$ 16,132,830	$ 13,638,983

All investments have been valued using a market approach. Fair values for assets in Level 2 are calculated using quoted market prices for similar assets in markets that are not active. There were no changes in the valuation techniques during the current year. These methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - DELINQUENT PROPERTY TAXES AND TAXES RECEIVABLE

The College's *ad valorem* property tax is levied by October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the College's district. The Board contracted with the Bowie Central Appraisal District for the collection of district taxes. Collections of current taxes are remitted to the College daily; delinquent taxes are remitted monthly.

NOTE 7 - NONCURRENT LIABILITIES

In May 2013, the College obtained a tax maintenance note under Section 45.108 of the *Texas Education Code* in the amount of $3,500,000. The note was to be utilized to fund an energy management and roofing project. A portion of the note is anticipated to be repaid by energy savings from the project. The 2013 maintenance tax note is secured by future maintenance tax collections. In the event of default, the lender is entitled to a writ of mandamus requiring the College to observe and perform the debt obligations.

In March 2019, the College obtained an additional tax maintenance note under Section 45.108 of the *Texas Education Code* in the amount of $10,000,000. The note was to be utilized to provide funds for the implementation of board-approved capital projects. The 2019 maintenance tax note is secured by future maintenance tax collections.

NOTE 7 - NONCURRENT LIABILITIES (CONTINUED)

The College had no unused lines of credit as of August 31, 2024 or 2023.

In January 2021, the College issued *Maintenance Tax & Refunding Notes, Series 2021* to pay the remaining balance on the $10,000,000 indebtedness and to fund additional construction projects. The total issue was $13,070,000 with an additional $1,787,065 in bond reoffering premiums. The funds were utilized to pay principal and interest of $9,645,998 on the $10,000,000 note. The remainder was utilized for $5,000,000 towards future construction projects, $207,739 towards bond issuance costs, and $3,328 towards an interest and sinking fund. Coupon rates on the notes range from 3% to 4%.

Noncurrent liability activity for the year ended August 31, 2024, was as follows:

Total	$ 758,378	$ 865,513

NOTE 9 - EMPLOYEES' RETIREMENT PLAN

The State of Texas has joint contributory retirement plans for almost all its employees.

Teacher Retirement System of Texas – Defined Benefit Plan

Plan Description - The College participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67, and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard workload and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position - Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately-issued Annual Comprehensive Financial Report (ACFR) that includes financial statements and required supplementary information. That report may be obtained on the Internet at https://www.trs.texas.gov/Pages/about_publications.aspx; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698, or by calling (512) 542-6592.

Components of the net pension liability of the TRS plan as of August 31, 2023, are as follows:

Net Pension Liability

Total Pension Liability	$	255,860,886,500
Less: Plan Fiduciary Net Position		(187,170,535,558)
Net Pension Liability	$	68,690,350,942
Net Position as a percentage of Total Pension Liability		73.15%

Benefits Provided - TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered under a previous rule. There are no automatic post-employment benefit changes; including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

NOTE 9 - EMPLOYEES' RETIREMENT PLAN (CONTINUED)

Texas Government Code section 821.006 prohibits benefit improvements, if, as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. Actuarial implications of the funding provided in the manner are determined by the System's actuary.

Contributions - Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution, which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year.

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86th Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2019 through 2025.

Contribution Rates

	2024	2023
Member	8.25%	8.00%
Non-Employer Contribution Entity (State)	8.25%	8.00%
Employers	8.25%	8.00%

FY 2024 College Contributions	$	521,908
FY 2024 Member Contributions	$	883,716
FY 2023 State of Texas On-behalf Contributions	$	317,547

Contributors to the plan include members, employers and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges, medical schools and state agencies including TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA). The College's contributions to the TRS pension plan for the year ended August 31, 2024, were $521,908 as reported in the Schedule of College Contributions in the Required Supplementary Information section of these financial statements. Estimated State of Texas on-behalf contributions for the year ended August 31, 2024, were $362,937.

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers.

NOTE 9 - EMPLOYEES' RETIREMENT PLAN (CONTINUED)

Employers (public school, junior college, other entities or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees and 100% of the state contribution rate for all other employees.
- In addition to the employer contributions listed above, when employing a retiree of the Teacher Retirement System, the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

Actuarial Assumptions - The total pension liability as of the measurement date of August 31, 2023, was determined using the following actuarial assumptions:

• Valuation Date		August 31, 2022, rolled forward to August 31, 2023
• Actuarial Cost Method		Individual Entry Age Normal
• Asset Valuation Method		Fair Value
• Actuarial Assumptions		
o Single Discount Rate	7.00%	
o Long-term expected Investment Rate of Return	7.00%	
o Municipal Bond Rate	4.13%	
o Last year ending August 31 in Projection period (100 years)	2122	
o Inflation	2.30%	
o Salary Increases including inflation	2.95% to 8.95%	
o Ad hoc post-employment benefit changes	None	

The actuarial methods and assumptions used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2022. For a full description of these assumptions please see the actuarial valuation report dated November 22, 2022.

Discount Rate - A single discount rate of 7.00% was used to measure the total pension liability. The single discount rate was based on the expected rate of return on plan investments of 7.00%. The projection of cash flows used to determine this single discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the legislature during the 2019 session. It is assumed that future employer and state contributions will be 9.50% of payroll in fiscal year 2024 increasing to 9.56% in fiscal year 2025 and thereafter. This includes all employer and state contributions for active and rehired retirees.

NOTE 9 - EMPLOYEES' RETIREMENT PLAN (CONTINUED)

Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term rate of return on pension plan investments is 7.00%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the system's target asset allocation as of August 31, 2023, are summarized below.

NOTE 9 - EMPLOYEES' RETIREMENT PLAN (CONTINUED)

Discount Rate Sensitivity Analysis - The following table presents the Net Pension Liability of the plan using the discount rate of 7.00%, and what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate.

	1% Decrease in Discount Rate (6.00%)	Discount Rate (7.00%)	1% Increase in Discount Rate (8.00%)
College's proportionate share of the net pension liability	$ 9,376,861	$ 6,271,916	$ 3,690,152

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At August 31, 2024, the College reported a liability of $6,271,916 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to the College. The amount recognized by the College as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the College were as follows:

College's proportionate share of the collective net pension liability	$ 6,271,916
State's proportionate share that is associated with College	4,243,458
Total	$ 10,515,374

The net pension liability was measured as of August 31, 2022, and rolled forward to August 31, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The College's proportion of the net pension liability was based on the College's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2022, through August 31, 2023.

At the measurement date of August 31, 2023, the employer's proportion of the collective net pension liability was 0.009130708%, which was a decrease of 0.000372600% from its proportion measured as of August 31, 2022.

Changes Since the Prior Actuarial Valuation - The actuarial assumptions and methods are the same as used in the determination of the prior year's net pension liability.

The Texas 2023 Legislature passed legislation that provides a one-time stipend to certain retired teachers. The stipend was paid to retirees beginning in September of 2023. The Legislature appropriated funds to pay for this one-time stipend so there will be no impact on the Net Pension Liability of TRS. In addition, the Legislature also provided for a cost-of-living adjustment (COLA) to retirees which was approved during the November 2023 election which will be paid January 2024. Therefore, this contingent liability was not reflected as of August 31, 2023.

For the year ended August 31, 2024, the College recognized revenue of $640,725 for support provided by the State and pension expense of $1,625,119.

NOTE 9 - EMPLOYEES' RETIREMENT PLAN (CONTINUED)

At August 31, 2024, the College reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	$ 223,470	$ 75,946
Changes in actuarial assumptions	593,200	145,170
Net difference between projected and actual investment earnings	912,716	-
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	27,090	424,025
Contributions paid to TRS subsequent to the measurement date	521,908	-
Total	$ 2,278,384	$ 645,141

The net amounts of the employer's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended August 31:	**Pension Expense Amount**
2025 (measurement date of August 31, 2024)	$ 218,502
2026 (measurement date of August 31, 2025)	72,548
2027 (measurement date of August 31, 2026)	654,827
2028 (measurement date of August 31, 2027)	162,358
2029 (measurement date of August 31, 2028)	3,100

NOTE 9 - EMPLOYEES' RETIREMENT PLAN (CONTINUED)

Optional Retirement Plan

Plan Description - Participation in the Optional Retirement Program is in lieu of participation in the TRS. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

Funding Policy - Contribution requirements are not actuarially determined but are established and amended by the Texas Legislature. The percentages of participant salaries currently contributed by the state and each participant are 6.6% and 6.65%, respectively. The College contributes no amounts for employees who were participating in the optional retirement program prior to September 1, 1995. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the state has no additional or unfunded liability for this program. Senate Bill (SB) 1812, 83rd Texas Legislature, Regular Session, effective September 1, 2013, limits the amount of the state's contribution to 50% of eligible employees in the reporting district.

The retirement expense related to ORP contributions paid by the state for the College was $97,122 and $80,689 for the fiscal years ended August 31, 2024 and 2023, respectively. This amount represents the portion of expended appropriations made by the state Legislature on behalf of the College.

The total payroll for all of the College employees was $15,283,614 and $14,570,372 for fiscal years 2024 and 2023, respectively. The total payroll of employees covered by the Teacher Retirement System was $10,738,426 and $9,899,281, and the total payroll of employees covered by the Optional Retirement Program was $3,036,477 and $2,745,110 for fiscal years 2024 and 2023, respectively.

NOTE 10 - OTHER POST-EMPLOYMENT BENEFITS (OPEB)

Plan Description - The College participates in a cost-sharing multiple-employer defined-benefit other post-employment benefit (OPEB) plan with a special funding situation. The Texas Employees Group Benefits Program (GBP) is administered by the Employees Retirement System of Texas (ERS). The GBP provides certain postemployment health care, life, and dental insurance benefits to retired employees of participating universities, community colleges, and state agencies in accordance with Chapter 1551, Texas Insurance Code. Almost all employees may become eligible for those benefits if they reach normal retirement age while working for the state and retire with at least 10 years of service to eligible entities. Surviving spouses and dependents of these retirees are also covered. Benefit and contribution provisions of the GBP are authorized by state law and may be amended by the Texas Legislature.

OPEB Plan Fiduciary Net Position - Detailed information about the GBP's fiduciary net position is available in the separately issued ERS Annual Comprehensive Financial Report that includes financial statements, notes to the financial statements, and required supplementary information. That report may be obtained online; by writing to ERS at: 200 East 18th Street, Austin, TX 78701; or by calling (877) 275-4377.

NOTE 10 - OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Components of the net OPEB liability of the ERS plan as of August 31, 2023, are as follows:

Net OPEB Liability

Total OPEB Liability	$	26,887,509,572
Less: Plan Fiduciary Net Position		(169,980,005)
Net OPEB Liability	$	26,717,529,567
Net Position as a percentage of Total OPEB Liability		0.63%

Benefits Provided - Retiree health benefits offered through the GBP are available to most state of Texas retirees and their eligible dependents. Participants need at least 10 years of service credit with an agency or institution that participates in the GBP to be eligible for GBP retiree insurance. The GBP provides self-funded group health (medical and prescription drug) benefits for eligible retirees under HealthSelect. The GBP also provides a fully insured medical benefit option for Medicare-primary participants under the HealthSelect Medicare Advantage Plan and life insurance benefits to eligible retirees via a minimum premium funding arrangement. The authority under which the obligations of the plan members and employers are established and/or may be amended is Chapter 1551, Texas Insurance Code.

Contributions - Section 1551.055 of Chapter 1551, Texas Insurance Code, provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS Board of Trustees. The employer and member contribution rates are determined annually by the ERS Board of Trustees based on the recommendations of ERS staff and its consulting actuary. The contribution rates are determined based on (i) the benefit and administrative costs expected to be incurred, (ii) the funds appropriated, and (iii) the funding policy established by the Texas Legislature in connection with benefits provided through the GBP. The Trustees revise benefits when necessary to match expected benefit and administrative costs with the revenue expected to be generated by the appropriated funds. There are no long-term contracts for contributions to the plan.

The following table summarizes the maximum monthly employer contribution toward eligible retirees' health and basic life premium, which is based on a blended rate. Retirees pay any premium over and above the employer contribution. The employer does not contribute toward dental or optional life insurance. Surviving spouses and their dependents do not receive any employer contribution. As the non-employer contributing entity (NECE), the state of Texas pays part of the premiums for the junior and community colleges.

Maximum Monthly Employer Contribution
Retiree Health and Basic Life Premium
August 31, 2023

Retiree only	$	624.82
Retiree & Spouse	$	1,340.82
Retiree & Children	$	1,104.22
Retiree & Family	$	1,820.22

NOTE 10 - OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Contributions of premiums to the GBP plan for the current and prior fiscal year by source is summarized in the following table.

Premium Contributions by Source
Group Benefits Program Plan
For the Years Ended August 31, 2023 and 2022

	2024	2023
Employers	$ 672,207	$ 664,764
Members (Employees)	686,242	683,343
Nonemployer Contributing Entity (State of Texas)	553,661	545,066

Actuarial Assumptions - The total OPEB liability was determined by an actuarial valuation as of August 31, 2023, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

• Valuation Date	August 31, 2023
• Actuarial Cost Method	Entry Age
• Amortization method	Level Percent of Payroll, Open
• Remaining amortization period	30 years
• Asset Valuation Method	Not applicable
• Actuarial Assumptions	
o Discount Rate	3.81%
o Projected annual salary increase	2.30% to 8.95%, including inflation
o Annual healthcare trend rate	<u>HealthSelect</u> 5.60% for FY25, 5.30% for FY26, 5.00% for FY27, 4.75% for FY28, 4.60% for FY29, decreasing 10 basis points per year to an ultimate rate of 4.30% for FY32 and later years <u>HealthSelect Medicare Advantage</u> 16.40% for FY25, 8.40% for FY6, 5.00% for FY27, 4.75% for FY28, 4.60% for FY29 decreasing 10 basis points per year to an ultimate rate of 4.30% for FY32 and later years
o Inflation assumption rate	2.30%
o Ad hoc post-employment benefit changes	None
o Aggregate payroll growth	2.70%
o Retirement age	Experience-based tables of rates that are specific to the class of employee.

NOTE 10 - OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

- Mortality Assumptions
    - *Service Retirees, Survivors and other Inactive Members*: Tables based on TRS experience with Ultimate MP-2021 Projection Scale from the year 2021.
    - *Disability Retirees*: Tables based on TRS experience with Ultimate MP-2021 Projection Scale from the year 2021 using a 3-year set forward and minimum mortality rates of four per 100 male members and two per 100 female members.
    - *Active Members*: Sex Distinct Pub-2010 Amount-Weighted Below-Median Income Teacher Mortality with a 2-year set forward for males with Ultimate MP-2021 Projection Scale from the year 2010.

Many of the actuarial assumptions used in this valuation were based on the results of actuarial experience studies performed by the ERS and TRS retirement plan actuaries for the period for higher education members.

Investment Policy - The State Retiree Health Plan is a pay-as-you-go plan and does not accumulate funds in advance of retirement. The System's Board of Trustees amended the investment policy statement in August 2022 to require that all funds in this plan be invested in cash and equivalent securities.

Discount Rate - Because the GBP does not accumulate funds in advance of retirement, the discount rate that was used to measure the total OPEB liability is the municipal bonds rate. The discount rate used to determine the total OPEB liability as of the beginning of the measurement year was 3.59%. The discount rate used to measure the total OPEB liability as of the end of the measurement year was 3.81%, which amounted to an increase of 0.22%. The source of the municipal bond rate is the Bond Buyer Index of general obligation bonds with 20 years to maturity and mixed credit quality. The bonds' average credit quality is roughly equivalent to Moody's Investors Service's Aa2 rating and Standard & Poor's Corp.'s AA rating. Projected cash flows into the plan are equal to projected benefit payments out of the plan. Because the plan operates on a pay-as-you-go basis and is not intended to accumulate assets, there is no long-term expected rate of return on plan assets, and, therefore, the years of projected benefit payments to which the long-term expected rate of return is applicable is zero years.

Discount Rate Sensitivity Analysis - The following schedule shows the impact on the College's proportionate share of the collective net OPEB Liability if the discount rate used was 1 percent less than and 1 percent greater than the discount rate that was used (3.81%) in measuring the net OPEB Liability.

	1% Decrease in Discount Rate (2.81%)	**Discount Rate (3.81%)**	**1% Increase in Discount Rate (4.81%)**
College's proportionate share of the net OPEB liability	$ 17,823,695	$ 15,360,536	$ 13,379,354

NOTE 10 - OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Healthcare Trent Rate Sensitivity Analysis - The initial healthcare trend rate is 5.60% for HealthSelect and 16.40% for HealthSelect Medicare Advantage and the ultimate rate is 4.30% for both. The following schedule shows the impact on the College's proportionate share of the collective net OPEB Liability if the healthcare cost trend rate used was 1 percent less than and 1 percent greater than the healthcare cost trend rate that was used (5.60%) in measuring the net OPEB liability.

	1% Decrease (4.60% decreasing to 3.30%)	Current Healthcare Cost Trent Rates (5.60% decreasing to 4.30%)	1% Increase in (6.60% decreasing to 5.30%)
College's proportionate share of the net OPEB liability	$ 13,212,196	$ 15,360,536	$ 18,088,938

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB - At August 31, 2024, the College reported a liability of $15,360,536 for its proportionate share of the ERS's net OPEB liability. This liability reflects a reduction for state support provided to the College for OPEB. The amount recognized by the College as its proportionate share of the net OPEB liability, the related state support, and the total portion of the net OPEB liability that was associated with the College were as follows:

College's proportionate share of the collective net OPEB liability	$ 15,360,536
State's proportionate share that is associated with College	11,521,310
Total	$ 26,881,846

The net OPEB liability was measured as of August 31, 2023, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The employer's proportion of the net OPEB liability was based on the employer's contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2023, thru August 31, 2023.

At the measurement date of August 31, 2023, the College's proportion of the collective net OPEB liability was 0.0574924%, which was a decrease of 0.0034325% from its proportion measured as of August 31, 2022.

For the year ended August 31, 2024, the College recognized net OPEB revenues of $1,498,352 and revenue of $(341,917) for support provided by the State.

NOTE 10 - OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Changes Since the Prior Actuarial Valuation – Changes to the actuarial assumptions or other inputs that affected measurement of the total OPEB liability since the prior measurement period were as follows:

- Since the last valuation was prepared for this plan, demographic assumptions (including rates of retirement, disability, termination, and mortality, and assumed salary increases) for Higher Education members have been updated to reflect assumptions recently adopted by the TRS Trustees. These new assumptions were adopted to reflect an experience study on the TRS retirement plan performed by the TRS retirement plan actuary.
- Percentage of current retirees and retiree spouses not yet eligible to participate in the HealthSelect Medicare Advantage Plan and future retirees and retiree spouses who will elect to participate in the plan at the earliest date at which coverage can commence.
- Proportion of future retirees assumed to cover dependent children.
- Proportion of future retirees assumed to elect health coverage at retirement and proportion of future retirees expected to receive the Opt-Out Credit at retirement.
- Assumed Per Capita Health Benefit Costs and Health Benefit Cost and Retiree Contribution trends have been updated since the previous valuation to reflect recent health plan experience and its effects on our short-term expectations.
- The Patient-Centered Outcomes Research Institute fee payable under the Affordable Care Act and the rate of future increases in the fee have been updated to reflect recent plan experience and expected trends.
- The discount rate was changed from 3.59% to 3.81% as a result of requirements by GASB No. 75 to utilize the yield or index rate for 20-year, tax-exempt general obligation bonds rated AA/Aa (or equivalent) or higher in effect on the measurement date.

Changes of Benefit Terms Since Prior Measurement Date – The following benefit revisions have been adopted since the prior valuation:

- Minor benefit revisions have been adopted since the prior valuation. These changes, which are not expected to have a significant impact on plan costs for FY2024, are provided for in the FY2024 Assumed Per Capita Health Benefit Costs.

NOTE 10 - OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

At August 31, 2024, the College reported its proportionate share of the ERS plan's collective deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	$ -	$ 406,294
Changes in actuarial assumptions	512,411	4,797,300
Net difference between projected and actual investment earnings	1,241	-
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	1,172,062	1,793,089
Contributions paid to ERS subsequent to the measurement date	415,652	-
Total	$ 2,101,366	$ 6,996,683

The net amounts of the employer's balances of deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended August 31:	**OPEB Expense Amount**
2025 (measurement date of August 31, 2024)	$ (1,493,575)
2026 (measurement date of August 31, 2025)	(1,354,613)
2027 (measurement date of August 31, 2026)	(1,289,969)
2028 (measurement date of August 31, 2027)	(926,261)
2029 (measurement date of August 31, 2028)	(246,551)
Thereafter	-

NOTE 11 - COMPENSABLE ABSENCES

Sick leave is accumulated by employees of the College at the rate of one day per thirty calendar days worked up to a maximum of ninety days. Effective September 1, 2000, upon retirement or termination, employees with ten years or more service with the College may be paid for any accumulated sick leave in excess of thirty days at a rate of one-half of the employee's current salary. Full-time non-contractual personnel or employees with twelve-month contracts accrue vacation benefits from the date of employment at the rate of one day for each full calendar month worked up to ten vacation days per year. Employees may carry a maximum of 40 hours of accrued vacation forward from one fiscal year through September 30 of the next fiscal year. All vacation accrued in the prior fiscal year is forfeited on December 1 unless administrative approval is granted on a case-by-case basis. All accrued unused vacation time computed at the employee's daily rate of compensation is paid to the employee or his beneficiary in the event of termination, retirement, or death. Sick leave and vacation benefits of $621,573 and $549,720 have been accrued and reported in the accompanying Statement of Net Position as "accrued compensable absences payable" at August 31, 2024 and 2023, respectively.

NOTE 12 - STAFF BENEFITS

The College provides staff benefits for its employees in the form of hospital/medical insurance, salary continuance insurance, and life insurance equal to twice the employee's annual contractual salary up to a maximum of $45,000.

NOTE 13 - DEFERRED COMPENSATION PLAN

College employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in Government Code 609.001. The employees' investments are held in tax-deferred annuity plans pursuant to Internal Revenue Code Section 403(b).

The College had 16 and 22 employees participating in the program as of August 31, 2024 and 2023, respectively. A total of $119,342 and $157,529 in payroll deductions were invested in approved plans during the years ended August 31, 2024 and 2023, respectively.

NOTE 14 - POST-RETIREMENT HEALTH CARE AND LIFE INSURANCE BENEFITS

In addition to providing pension benefits, the state provides certain health care and life insurance benefits for retired employees. Almost all of the employees may become eligible for those benefits if they reach normal retirement age while working for the College. Those and similar benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The state recognizes the cost of providing these benefits by expending the annual insurance premiums.

The state's contribution per full-time employee and retiree was $622.60 per month plus fifty percent of spouse and/or dependent coverage as of August 31, 2024, and totaled $1,346,327 for the year then ended. The cost of providing those benefits for 138 retirees was $553,661 and for 216 active employees was $743,683.

The state's contribution per full-time employee and retiree was $622.60 per month plus fifty percent of spouse and/or dependent coverage as of August 31, 2023, and totaled $1,285,992 for the year then ended. The cost of providing those benefits for 139 retirees was $545,066 and for 203 active employees was $740,926.

NOTE 15 - RISK MANAGEMENT - CLAIMS AND JUDGMENTS

In the normal course of operations, the College is exposed to risks of loss from a number of sources including fire and casualty, errors and omissions by board members and employees, and injuries to employees during the course of performing their duties.

The College attempts to cover these losses by the purchase of insurance. Significant risks are covered by commercial insurance for property and liability programs. There has been no significant reduction in coverage and settlement amounts have not exceeded insurance coverage for the current year or the three prior years. In management's estimation, there are no current loss claims that exceed the maximum coverage or any material unfunded claim benefit obligation for the self-funded programs.

NOTE 16 - COMMITMENTS AND CONTINGENCIES

Grant Programs - The College participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies; therefore, to the extent that the College has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability may be impaired of any related receivable at August 31, 2024. In the opinion of management, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

NOTE 17 - CONTINGENT LIABILITY

The College entered into an agreement with the Texas Community College Employee Benefits Consortium to self-fund their workers' compensation plan. The agreement was effective September 1, 1991, and is administered by Hibbs - Hallmark & Company.

The College agreed to pay into the fund a fixed cost amount of $37,234 and a maximum loss fund amount of $72,662 for the year ended August 31, 2024. The loss fund amount was for Texarkana College's claims and for claims of other group members in excess of their loss fund maximum.

The College agreed to pay into the fund a fixed cost amount of $35,802 and a maximum loss fund amount of $74,222 for the year ended August 31, 2023. The loss fund amount was for Texarkana College's claims and for claims of other group members in excess of their loss fund maximum.

The College incurred expenses under the plan as follows:

	2024	2023
Fixed cost	$ 37,234	$ 35,802
Actual claims	5,610	8,300
Decrease in accrued liabilities	(2,684)	(5,680)
Total Expense	$ 40,160	$ 38,422

NOTE 17 - CONTINGENT LIABILITY (CONTINUED)

The College's maximum liability for the three years ended August 31, 2024, under this agreement is $222,700 computed as follows:

2021-2022 Maximum loss fund	$	75,816
2022-2023 Maximum loss fund		74,222
2023-2024 Maximum loss fund		72,662
Total	$	222,700

The administration of the Plan has estimated the liability for claims that have been reported but not paid and claims incurred but not reported to be $88,956 and $91,640 as of August 31, 2024 and 2023, respectively. This liability has been accrued in the financial statements as of August 31, 2024 and 2023.

NOTE 20 - COMPONENT UNIT

The Foundation is a separate nonprofit corporation organized under the Texas Nonprofit Corporation Act in 1959. The purpose of the Foundation is to solicit and manage funds for the sole benefit of Texarkana College. The Foundation primarily provides scholarships to students at the College. The Foundation is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code.

Under GASB Statement No. 39 (*Determining Whether Certain Organizations are Component Units*), an organization should report as a discretely presented component those organizations that raise and hold economic resources for the direct benefit of a government unit. Accordingly, the Foundation financial statements are included in the College's annual report as a discretely presented component unit.

NOTE 21 - RELATED PARTY TRANSACTIONS AND BALANCES

During the year ended August 31, 2023, the Foundation provided support to the College in the aggregate of $100,000. As of August 31, 2024, the Foundation owed the College approximately $134,918, which consists of scholarships and other expenses paid by the College during the year ended August 31, 2024.

During the year ended August 31, 2024 and 2023, the College purchased classroom furniture and supplies totaling $88,605 and $278,256, respectively, from a company owned by one of the College's Board members.

NOTE 22 – TAX ABATEMENTS

On April 29, 2024, the College entered into a property tax abatement agreement with a local business as permitted by Chapter 312, Property Redevelopment and Tax Abatement Act (the Act), of the Texas Tax Code and the College Tax Abatement Guidelines and Criteria beginning January 1, 2029, through December 31, 2038. Under the Act, the College may grant property tax abatements according to the taxable value of property in the preceding tax year. According to the terms of the agreement, the minimum amount per qualified investment is $75,000,000 and is limited only from maintenance and operation (M&O) property tax. The tax abatements, which are approved by the Texas Comptroller's Office and the College's Board of Trustees, are granted for the purpose of enhancing the local community; creating high-paying jobs; and advancing economic development goals. The agreement specifies that the abatements are to be granted at a rate of 90% for years one (1) through six (6); 60% for year seven (7); 40% for year eight (8); 20% for year nine (9); and 10% for year ten (10), commencing on January 1 of the next tax year after the date the College receives the certificate of completion for the project, which is expected to be completed on or about December 31, 2028.

During the year ended August 31, 2024, no property taxes were abated, as the eligible construction project is pending completion by the local business.

NOTE 23 - INCOME TAXES

The College is exempt from income taxes under Internal Revenue Code Section 115, "Income of States, Municipalities, etc.," although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511(a)(2)(B), *Imposition of Tax on Unrelated Business Income of Charitable, Etc. Organizations*. The College had no unrelated business income tax liability for the years ended August 31, 2024 and 2023.

NOTE 24 - PENDING LAWSUITS AND CLAIMS

As of August 31, 2024, there were no known pending lawsuits or claims involving the College. While unasserted lawsuits and claims may exist, for which a liability cannot be reasonably estimated, any potential liability, to the extent not provided for by insurance or otherwise, is not likely to have a material effect on the College.

NOTE 25 - TEXAS COMMUNITY COLLEGE CONSORTIUM

In December 2014, the College entered into an interlocal agreement with two other area community colleges, Kilgore College and Northeast Texas Community College, whereby the Texas Community College Consortium (TC3) was created.

Effective September 1, 2015, TC3 entered into an agreement with the University of Texas Health Science Center at Tyler (on behalf of Northeast Texas Network) (referred to hereinafter as “UT Entity”). The agreement with UT Entity establishes a group arrangement for the collective licensing, implementation, and maintenance of administrative software, hardware, and services for use in internal operations. The project is organized to create a consistent, identifiable structure to facilitate joint purchasing, training, and implementation of enterprise software, as well as shared services, when mutually beneficial.

The agreement with Angelina College provides a budget not to exceed $2,375,000 to TC3, funded by Texas appropriations provided to Angelina College for special item support. This amount was to be paid in installments over the term of the contract based on certain deliverables required by the contract, which originally expired August 30, 2017, and has been extended through August 31, 2025.

The College has agreed to act as the fiscal agent for the project. The budget of $2,375,000 included $278,570 in development assistance to the members of TC3, which increased to seven members, and $50,000 to the fiscal agent, in addition to various other expenses. As of August 31, 2024 and 2023, the College held approximately $627,425 and $499,770 in cash on behalf of TC3, respectively. In addition, the College recognized revenues of $25,000 for its role as the fiscal agent during the years ended August 31, 2024 and 2023.

NOTE 26 - SUBSEQUENT EVENTS

The College has evaluated events through December 16, 2024, the date the financial statements were available to be issued and has determined that there are no events requiring disclosure.

NOTE 27 - HIGHER EDUCATION EMERGENCY RELIEF FUND

In response to the COVID-19 pandemic, the United States Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), the Coronavirus Response and Relief Supplemental Appropriations Act, (CRRSAA Act), and the American Rescue Plan Act (ARP Act) aid packages designed to help the economy as it suffers from the effects of the COVID-19 pandemic.

Each act included Higher Education Emergency Relief Funds (HEERF) funding which could be used by institutions of higher education to cover expenses incurred on or after March 13, 2020. The College was able to apply for the first round of this funding known as HEERF I through the US Department of Education starting in early 2020 and was awarded funding May 6, 2020. The College was able to apply for the second round of funding, HEERF II, beginning in 2021 and was awarded funding April 23, 2021. The College also applied for the third round of funding, HEERF III, beginning in 2021 and was awarded funding May 15, 2021. In addition, the College was awarded the fourth round of funding, HEERF IV, on July 20, 2022.

NOTE 27 - HIGHER EDUCATION EMERGENCY RELIEF FUND (CONTINUED)

HEERF I funds, received under the CARES Act, provided two forms of relief to the College. The aid was distributed to institutions based on the student enrollment formula and the institutions status. At least 50 percent was reserved to provide students with emergency financial aid grants to help cover expenses related to the disruption of campus operations due to coronavirus (the “Student Aid Portion”). The remainder of the funds are to be used to cover any costs associated with significant changes to delivery of instruction due to the coronavirus (the “Institutional Portion”). The College was awarded $2,694,917 under the CARES Act.

HEERF II funds, received under the CRRSAA Act, provided two forms of relief to the College. The aid was provided based on a formula that includes the relative shares of Federal Pell Grant recipients, the relative shares of non-Pell Grant recipients, and the relative shares of Federal Pell and non-Pell Grant recipients exclusively enrolled in distance education prior to the coronavirus emergency. CRRSAA provides a minimum amount of funding reserved to provide students with emergency financial aid grants to help cover expenses related to the disruption of campus operations due to coronavirus (the “Student Aid Portion”). The remainder of the funds are to be used to cover any costs associated with significant changes to delivery of instruction due to the coronavirus (the “Institutional Portion”). The College was awarded $5,930,489 under the CRRSAA Act.

HEERF III funds, received under the ARP Act, provide two forms of relief to the College. The aid was distributed similarly to HEERF II funding. ARP provides a minimum amount of funding reserved to provide students with emergency financial aid grants to help cover expenses related to the disruption of campus operations due to coronavirus (the “Student Aid Portion”). The remainder of the funds are to be used to cover any costs associated with significant changes to delivery of instruction due to the coronavirus (the “Institutional Portion”). The College was awarded $10,343,867 under the ARP Act.

HEERF IV funds, received under the Supplemental Support - ARP Act (SSARP), provide two forms of relief to the College. The aid was distributed similarly to HEERF III funding. SSARP provides a minimum amount of funding reserved to provide students with emergency financial aid grants to help cover expenses related to the disruption of campus operations due to coronavirus (the “Student Aid Portion”). The remainder of the funds are to be used to cover any costs associated with significant changes to delivery of instruction due to the coronavirus (the “Institutional Portion”). The College was awarded $901,154 under the SSARP.

Texarkana College was awarded total HEERF funding of $19,870,427, all of which has been claimed for reimbursement as of August 31, 2023.

NOTE 28 - LEASES

The College's right-of-use leased assets are comprised of office equipment. A summary of the right-to-use lease activity for the year ended August 31, 2024, is as follows:

Notes to the supplementary information related to pensions:

Changes of Benefit Terms

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

Changes of Assumptions

The actuarial assumptions and methods have not changed since the determination of the prior year's Net Pension Liability.

Notes to the supplementary information related to OPEB:

Changes of Benefit Terms

Minor benefit revisions have been adopted since the prior valuation. These changes, which are not expected to have a significant impact on plan costs for FY2024, are provided for in the FY2024 Assumed Per Capita Health Benefit Costs.

Changes of Assumptions

- Since the last valuation was prepared for this plan, demographic assumptions (including rates of retirement, disability, termination, and mortality, and assumed salary increases) for Higher Education members have been updated to reflect assumptions recently adopted by the TRS Trustees. These new assumptions were adopted to reflect an experience study on the TRS retirement plan performed by the TRS retirement plan actuary.
- Percentage of current retirees and retiree spouses not yet eligible to participate in the HealthSelect Medicare Advantage Plan and future retirees and retiree spouses who will elect to participate in the plan at the earliest date at which coverage can commence.
- Proportion of future retirees assumed to cover dependent children.
- Proportion of future retirees assumed to elect health coverage at retirement and proportion of future retirees expected to receive the Opt-Out Credit at retirement.
- Assumed Per Capita Health Benefit Costs and Health Benefit Cost and Retiree Contribution trends have been updated since the previous valuation to reflect recent health plan experience and its effects on our short-term expectations.
- The Patient-Centered Outcomes Research Institute fee payable under the Affordable Care Act and the rate of future increases in the fee have been updated to reflect recent plan experience and expected trends.
- The discount rate was changed from 3.59% to 3.81% as a result of requirements by GASB No. 75 to utilize the yield or index rate for 20-year, tax-exempt general obligation bonds rated AA/Aa (or equivalent) or higher in effect on the measurement date.

Total Federal Revenues per Schedule of Expenditures of Federal Awards	$	10,118,903

Note 2 – Significant Accounting Policies

The expenditures included in the schedule are reported for the College's fiscal year. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported above represent funds that have been expended by the College for the purposes of the award. The expenditures reported above may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedule may differ from amounts used in the preparation of the basic financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The College has followed all applicable guidelines issued by various entities in the preparation of the schedule. Since the College has agency approved Indirect Recovery Rate it has elected not to use the 10% de minimis cost rate as permitted in the Uniform Guidance, section 200.414.

Note 3 – Expenditures Not Subject to Federal Single Audit

The College expended funds from the Corporation for Public Broadcasting (CPB) in the amount of $23,730. These were CARES Act funds provided by Congress to help public television and radio stations maintain local programming and services threatened by declines in non-federal revenue sources during the economic decline triggered by COVID-19. CPB distributed these stabilization funds to eligible Community Service Grant (CSG) recipients in April 2020. These funds were not subject to federal single audit requirements.

Notes to the Schedule of Expenditures of Federal Awards (Continued)

Note 4 – FAFSA Student Support Program Funds

The College expended funds received from the Education Credit Management Corporation (ECMC) in the amount of $27,294. These funds were awarded to provide additional personnel, funding, resources, and technology to help colleges prepare to process student financial aid records as quickly and accurately as possible and complete the updated FAFSA form. These federal funds are administered by the ECMC under the direction of the Department of Education and are excluded as a federal program and not subject to Single Audit requirements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Trustees of
Texarkana College
Texarkana, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities, the aggregate discretely presented component unit, and the aggregate remaining fund information of the Texarkana College (the College), as of and for the year ended August 31, 2024, and the related notes to the financial statements, which collectively comprise the College's basic financial statements and have issued our report thereon dated December 16, 2024.

<u>Report on Internal Control over Financial Reporting</u>

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Trustees
of Texarkana College
Texarkana, Texas

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Texarkana College's (the College) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the College's major federal programs for the year ended August 31, 2024. The College's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the College complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the College's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the College's federal programs.

2900 St. Michael Drive, Suite 302, Texarkana, Texas 75503 Telephone (903) 831-3477 FAX (903) 831-3482 www.thomasthomascpas.com

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to on the previous page occurred, whether due to fraud or error, and express an opinion on the College's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the College's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the College's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the College's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Report on Internal Control over Compliance (Continued)

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
